STATUS: Working Document

Executive Summary

700748 - LIQUEFACT

Assessment and Mitigation of Liquefaction Potential across Europe: A Holistic Approach to Protect Structures/Infrastructures for Improved Resilience to Earthquake-Induced Liquefaction Disasters

Deliverable:

To establish a LIQUEFACT project website.

Description:

The Domain name www.liquefact.eu has been purchased and registered and the site is currently under development.

Conclusion/Summary

An early development site is publically available to view at www.liquefact.eu.

Next Steps:

The web site will be further developed over the next 2 months and will then be regularly updated to present the public face of the Liquefact project.

ANNEX'S

No annex associated with this deliverable.
